## GENERAL INFORMATION

**The following information is to assist applicants for permits and does not represent all laws and requirements for the Town or the State. All requirements can be found in the Town's Municipal Code, Title 7 or the Zoning Ordinance, Chapter 3 – Fireworks:**

- The fireworks permit is good for 30 days. The fireworks permit starts on the day that it is purchased. Any part of that day is considered to be one of the 30 days of the permit. Permit fee is \$1,000.00.
- The first day that a permit may be issued for a firework permit for the SUMMER selling season is June 6th. However, sales of actual fireworks for this seasonal selling period may only occur from June 20<sup>th</sup> through July 5<sup>th</sup>. The permit price for the SUMMER selling period is \$1,000.00.
- The first day that a permit may be issued for a firework permit for the WINTER selling season is December 4th. However, sales of actual fireworks for this seasonal selling period may only occur from December 10<sup>th</sup> through January 2<sup>nd</sup>. The permit price for the WINTER selling period is \$1,000.00.
- A fireworks tent permit is good for 25 days. Permit fee is \$50. This tent permit is issued only to sell fireworks.

If the applicant wants this extension, it must be purchased at the time of the original permit for \$8.75. The total fee for the 25-day permit plus the 5-day extension will be \$58.75. The original 25-day permit may still be taken out for \$50 without the extension. The tent permit starts on the day that it is purchased. Any part of that day is one of the 25 days of the permit.
- NOTE: Any tents left on the property beyond the permitted period will cause the permit holder and/or the property owner to be issued a citation for each and every day that it remains on the property.
- All Firework Sales Tents must be a minimum of 500 feet apart.
- All Firework Sales Tents must be a minimum of 300 feet from any gasoline pump.
