SCOPE OF SERVICES

The Town of Kingston Springs is seeking a vendor to perform repair of sewer pumps and pump stations services to the town's sanitary sewer system. Bidding is for a 'one man' per hour format, and should include all costs with the exception of prior approved parts and additional labor. The incumbent company or individual representative should be able to demonstrate the following:

- A response to all town requests for service within 24 hours.
- Frequent and constant communication with the Wastewater Supervisor or City Manager regarding in-progress projects.
- Positive references from the area or similarly configured municipalities.
- The Town reserves the right to perform the scope of work contemplated under this
 agreement or order service from an alternative company in the event your company
 cannot be reached in an emergency or does not perform to the requirements of the
 contract

In addition:

- The Contractor agrees to provide all labor and materials necessary to do and perform all things under the scope of work requested by the Town.
- In the event of an emergency repair to sewer mains, service lines or pumps, the contractor must be available for emergency work 7 days a week, 24 hours a day. The contractor must be available to perform emergency work within 4 (four) hours of being notified by phone by public works or city manager of the needed repair.
- In the event of a non-emergency repair, the Town shall notify the Contractor by phone or in writing of the requested repairs, location of the place of work to be performed and the Contractor shall, within ten (10) business days (excluding legal holidays), make the repair as requested by the Town in a good workmanlike manner. Delay for inclement weather or unavailability of products due to temperature or inability to obtain material are expressly excused.
- The Town shall inspect and approve the repair prior to Contractor's work crew leaving the project/repair site, and the Town reserves the right to issue additional instructions or require additional work of a similar nature.
- If needed, the Contractor solely must supply sufficient traffic control personnel and traffic control devices so as to protect the motoring public and its workers.
