SETBACK REQUIREMENTS

It is the responsibility of the applicant to comply with the placement of any improvements on a lot (footings, foundation, etc.) in accordance with the minimum required building setback lines on the front, rear, and side of the property. These requirements are set by the Zoning District the property is located in, as well as by other plans, plats or restrictive covenants of record. The Town of Kingston Springs and its planning commission will gladly provide information on setback requirements established by the town’s zoning ordinance, but is not responsible for providing information or enforcing requirements from plats of record or restrictive covenants.

The applicant must determine that all minimum setback requirements are met and are strongly encouraged to use a licensed surveyor to establish certainty. Additionally, it is the applicant's responsibility to place the improvement within the building envelope and not encroach upon restricted lot areas such as the septic disposal field and public utility and drainage easements. Should this office question the placement of the building at the time of the footing inspection, a surveyor's certificate will be required. Failure to comply will not guarantee a variance will be granted or required. However, it may have a financial impact on the applicant with regard to third parties such as a mortgage lender. If you have any questions, please contact the Building Inspector.

ZONING REQUIREMENTS

It is the responsibility of the applicant to comply with the placement of any improvements on a lot (footings, foundation, etc.) in accordance with the minimum required building setback lines on the front, rear, and side of the property. These requirements are set by the Zoning District the property is located in, as well as by other plans, plats or restrictive covenants of record. The Town of Kingston Springs and its planning commission will gladly provide information on setback requirements established by the town’s zoning ordinance, but is not responsible for providing information or enforcing requirements from plats of record or restrictive covenants.

The applicant must determine that all minimum setback requirements are met and are strongly encouraged to use a licensed surveyor to establish certainty. Additionally, it is the applicant's responsibility to place the improvement within the building envelope and not encroach upon restricted lot areas such as the septic disposal field and public utility and drainage easements. Should this office question the placement of the building at the time of the footing inspection, a surveyor's certificate will be required. However, it may have a financial impact on the applicant with regard to third parties such as a mortgage lender. If you have any questions, please contact the Building Inspector.

I have read and understand the Town of Kingston Springs policy regarding setback and zoning requirements and I hereby certify that all work related to this application will be performed in accordance with all applicable town, and state laws and codes pertaining to building construction, and demolition and the information submitted and contained herein is accurate and correct. I further certify that I am the owner or an authorized agent of the property owner listed in this application, and have authority to make application for work to be performed.

REVIEW and INSPECTION PASS-THRU CHARGES

Per Section 20-301 of the Kingston Springs, Tennessee Municipal Code the town has the authority to pass-thru charges incurred by Town staff or consultants related to project review or inspection that may be required on a per project basis:

Ordinance 04-009. Section 20-301. Oversight and Project Site Inspection Charges.

1. All owners, developers and applicants, individually or by their authorized agents, employees or servants, seeking municipal approval for any proposed development/improvement of land by: subdivision, planned unit development, site plan, special exceptions approved by the board of zoning appeals, use changes, landscape plans, sketch plats, preliminary plats, final plats, construction plans, grading plans, roadway plans, drainage plans, wastewater facility plans, matters requiring the establishment of performance bonding, dedication of easements and facilities/structures associated with any of the foregoing, shall be responsible for the reimbursement to the Town of Kingston Springs for all actual review charges including, but not limited to, engineering review, engineering oversight and project site inspection charges/fees for services incurred by said town by virtue of, and as relate to the foregoing, by the town's designated consulting engineer and/or his appointed designee, City Attorney or any other designated consultant rendering services ancillary to the foregoing for and on behalf of the municipality.
2. All actual charges to be reimbursed to the municipality shall be paid within fifteen (15) days from the date of billing by the municipality. In the event said reimbursed charges are not paid, timely, any permit or approval before given or issued shall become void and default may be declared upon any performance bonding posted with the Town of Kingston Springs.
3. Notwithstanding all of the foregoing, certain charges shall be paid at the time of submittal or time of application is made to the town or its planning commission as a base minimum, all of which is set forth on Appendix "A" of the Municipal Code hereto and of which is incorporated by reference herein.
4. This ordinance is not deemed to be a tax but is to offset actual incurred expenses of the municipality for an owner, developer and applicant seeking development of land and improvement of lands within the municipality. (Ord. #95-001, April 1995, as replaced by Ord. #04-009, Sept. 2004)

I have read Section 20-301 of Ordinance 04-009 and understand that I am responsible for all review and inspection fees to be reimbursed to the Town of Kingston Springs.
