

TRAFFIC DETAILS

Road closures for this event will be simpler than they have been in the past but there is one primary closure to be aware of. For guests (and all traffic) coming to downtown Kingston Springs via Pinnacle Hill Road please be aware that starting at 4:00pm, access to downtown KS via Pinnacle Hill will be closed and you will need to access downtown via East/West Kingston Springs Road and Main Street. Please plan your route accordingly.

Officers will be at the intersection of North Main Street and West KS Road. Please let them know you are attending Dinner on Main and they will direct you into the Primary Parking Area across from City Hall. If that area is full they will direct you to the Secondary Parking Area behind Skyking. Parking is also available in the parking spaces along North Main Street.

Please park in the designated parking areas only - we want to be courteous to our downtown neighbors. Of special note, the Kingston Springs Church of Christ will be holding Sunday evening services and parking is not allowed in their lot or behind the Library.
